## Ukulele Cookie Cutter

We think it’s safe to say that no uke enthusiasts kitchen is complete without the classic ukulele cookie cutter. Measuring 4.5” long and 1” high, this cutter has a clean edge for smooth cuts into rolled dough. We recommend starting with a culinary basic: the sugar cookie! Easy to prep, easy to roll, and all so you can frost your very own uke! Made of 100% tinplate steel in the USA.
